

P.E.T.S.
Providing Essentials for Tehama Shelter

P.E.T.S. is a 501c(3) non-profit organization whose primary objective is to improve the welfare of homeless, neglected, and abused animals in Tehama County, CA. We are also strongly committed to assist the underfunded public Tehama County Animal Care Center (TCACC) in completing its mission to practice and promote responsible compassionate care of all animals housed within its facility.

Furthermore, our strong secondary objective is to improve the quality of life for all companion animals within Tehama County through education and viable solutions, with emphasis on the importance of spay/neuter for animal welfare. In order to fulfill our mission, we raise funds for medical care, transportation, adoption events, spay/neuter, education, and training (for animals and the people who adopt them). Through the organization of people and community resources, P.E.T.S. is determined to focus on no more homeless animals within Tehama County!

Since inception in 2011, we have significantly contributed to an increase in the general welfare and health of the animals at TCACC and the community at large. The increased rates of adoptions, rescues, and return to owners combined with the subsequent substantial decline in euthanasia indicate the organization's effectiveness.
